## OUZO

The philosophy behind ouzo drinking is entirely different from the one adopted by other countries. Ouzo is interwoven with Greek culture and is a “lifestyle” which necessitates simplicity, an open heart, directness and a true willingness for communication. It has no place at formal dinners nor should it feature on bar counters. Ouzo remains a local product (one of the few still around) stamped with the seal of the Hellenic identity.

At Brika we have exclusively sourced ouzo Samara from the small village of Papados on the island of Lesbos. Based on selected ingredients such as the famous Lesbian anise, treated with water from the region of Gera - a delicious ouzo with a delicate aroma and pleasant aftertaste.
