our favourite ouzo
from the island of Lesbos

O U Z O

The philosophy behind ouzo drinking is entirely different from the one adopted by other countries. Ouzo is interwoven with Greek culture and is a “lifestyle” which necessitates simplicity, an open heart, directness and a true willingness for communication. Ouzo remains a local product (one of the few still around) stamped with the seal of the Hellenic identity.

At Brika we have exclusively sourced ouzo Samara from the small village of Papados on the island of Lesbos. Based on selected ingredients such as the famous Lesbian anise, treated with water from the region of Gera - a delicious ouzo with a delicate aroma and pleasant aftertaste.

In Greek culture, wine has long been a staple at the dinner table alongside spirited conversation & shared dishes. Winemaking in Greece has evolved harmoniously with cooking techniques over the centuries and we are proud to share these beautiful wines with you here at Brika.

Some abbreviations you may see are PGI & PDO. The PGI (Protected Geographical Indication) comprise the Greek local wines and some wines of traditional appellation. PGI aims to reinforce the authenticity of these specific geographical boundaries & grape varieties. The PDO (Protected Designation of Origin) protect the historical winemaking and growing areas of Greece. Native grapes must originate, grow and be processed by a vineyard also established within the same zone.

Not sure what to choose? We offer food pairing for all our Greek wines and encourage you to sample them along with your meal.
